**Guide To Personal
Financial Planning**

At the very basic level of personal finance, you should understand the need for, and value of, a budget. A budget or spending plan is a road map for telling your money what to do each month. At its simplest, a budget lists how much income you have coming in compared to what's going out each month.

The Definitive Guide to
Financial Planning

Financial planning can seem tricky, but it's similar to making any other plan. You've likely made a financial plan at one point or another in your life. It could be for something small such as a new set of golf clubs, or something big, such as purchasing a house.
